

## TIGERS HAVE GOOD CATCHER IN STANAGE

Oscar Stanage.

With the veteran Stanage conceded to be one of the most valuable catchers in the American league and with two exceptionally good recruits in Bradley Koehler and John Onslow, the Detroit Tigers are extremely well fortified behind the plate this year. Stanage hopes to catch every game this season, but if he doesn't his young recruits will be on the job.

## AMERICAN LEAGUE.

"What kind of a figure has she got?" "Physically, poor; financially, fine."—Boston Transcript.

## BASEBALL AT BEACH TODAY

ALAGAS AND GIANTS WILL PLAY AT THE FIREMEN'S MAY DAY PICNIC.

The May Day picnic at Palm Beach will be featured by a good game of ball between the Alagas, champions of the Twilight League, and the Giants, a new team to be entered in that league this year. The Giants are said to be one of the strongest junior teams in the city and will give the Alagas a good run for the honors. Both the teams are requested to be on hand at 1 o'clock. The line-up of the Alagas follows:

Motta, catcher; Bonifay, pitcher; Hartman, first base; Roche, second base; Tourant, short stop; Angelo, third base; Carroll, left field; Bruno, center field; Bonifay, right field.

## GETS NEW SUIT FOR SWEEPSTAKES RACE

"Wild Bob" Burman.

"Wild Bob" Burman, the world's speed king, has a new leather racing suit, made especially for his use in the second annual five-thousand mile International Sweepstakes race at Indianapolis Motor Speedway next Memorial day. The suit was made for Burman while he was in England, and is considered the most complete garment ever made for motor car speed work. It is practically wind and rain proof and will aid him materially in enduring the strain of a long race such as this speedway classic.

	R. H. E.

## THE PENSACOLA IDEA ADOPTED IN NOVA SCOTIA

FORMER OFFICIAL OF LOCAL Y. M. C. A. SENDS PAMPHLET SHOWING THAT COMMUNITY PLAN, AS OUTLINED IN THIS CITY, IS ADOPTED ELSEWHERE.

Calling attention to the fact that this is the Pensacola idea adopted and worked out in that place, John Bradford, now of Amherst, Nova Scotia, but formerly a well known and popular officer of the Pensacola Y. M. C. A., sends the following information to The Journal:

On account of the numerous inquiries concerning what has been accomplished through the Amherst community work plan, the directors issue the following outline showing the ground covered by the movement since its inception on August 4th, 1911.

1. Two months spent in careful study of town.
2. In church co-operation.
  - (a) Religious census given to each pastor.
  - (b) Six lectures to Sunday School teachers and workers on Sunday School methods. Child study, etc. Attendance 540.
  - (c) Training class for men teachers of boys' classes, 3 member now teaching.
  - (d) Address to men's brotherhoods and classes.
  - (e) Gymnasium work organized and supervised at three church centers.
3. In school co-operation.
  - (a) Attendance at the centers over 400 per week.
  - (b) Social service study courses for men introduced into all Protestant churches, over 300 men are in these classes. Classes and brotherhoods were federated and are a live, aggressive force in public affairs.
  - (c) Careful study of the school situation made.
  - (d) Findings reduced to a series of graphic charts which were presented in Sunday and week day addresses in the churches and elsewhere.
  - (e) Parent teacher association organized.
  - (f) Talks and lectures to teachers.

Victor Berger.

Washington, D. C., April 30.—Victor Berger, Milwaukeean, is the lone Socialist in Congress. His party could not be represented in the national legislature, for Berger is a clear thinker a good debater. He has had the honor of introducing many bills. Few of them, however, have ever received serious consideration of his colleagues.

Berger never forgets the common people, they are the objects of his constant solicitude. While others sing the praises of the rich and powerful, Berger is to find something good to say about the poor and unfortunate. Hence his colleagues in the house the other day were not surprised when he arose and declared that "the real heroes of Titanic went down to death unaided, the millionaires are getting credit such a large share of courage that they have been paying any attention to the 'poor devils' of the leviathan."

"Ever since we kill thousands simply in order to save money and pay dividends," Berger continued, "the Titanic is only one instance. There are now plenty of bills pending in Congress to safeguard ocean travel because the wealthy class was hurt. Some will become laws—just like the wealthy class was hurt. If a crowd of millionaires are and we will never get safety applied on boats, in mines, or on railroads."

"Grand speed are the characteristics of the capitalist system. They caused the Titanic disaster, and are causing disasters almost as appalling every day in the industrial world. But they are not millionaires that die, they are the workingmen—like the seamen, the firemen, the sailors on Titanic."

"I want to belittles the heroism of the men on board that ill-fated vessel. They were brave and their bravery should be applauded. But we do not want to lose sight of the fact that the heroes were the working people—that stood to their posts of duty the ship's engineers, for example, per cent of the first class passengers were saved; a smaller per cent of the second class, and only 10 per cent of the steerage."

## SIX PAIR Guaranteed SOX 75c

Assorted—Black—Blue—Tan

The M. & O.

"On the Square, Within Easy Reach of Everywhere."

- (a) Story telling introduced into schools.

## BRINGS SUIT AGAINST WHITE STAR LINE

By Associated Press.  
Washington, April 30.—Under a proceeding in admiralty court here today, J. Bruce Ismay, managing director of the International Mercantile Marine, was summoned to appear this afternoon before a commissioner to give testimony to be used in a suit of Mrs. Louise Robbins of New York against the White Star line. Mrs. Robbins' husband, George Robbins, was lost in the Titanic disaster. Subpoenas also were issued by the admiralty court for the surviving officers of the Titanic.

If you miss your paper, phone (1500) before ten o'clock, and one will be delivered you by special carrier.

## HEALTH TEACHER SAVES TWO DARLING CHILDREN

Once more the Quaker Health Teacher and his wonderful Quaker Extract have done a noble and praiseworthy act. They have saved the lives of two sweet children, a girl and a boy, the daughter and son, respectively, of George A. Lewis, an employee of the Saunders Fish Co., residing at 1226 E. Jackson street. For a long time these two children were getting puny, were very restless at night, would grit their teeth, had a changeable appetite, and were dull and listless. Their father had gotten several kinds of medicine for them, but nothing succeeded in removing the cause of their trouble. He finally called on the Quaker Health Teacher who had

## INVESTIGATION OF TITANIC DISASTER BEGINS IN ENGLAND; BIGHAM HEADS COURT

Sir John Charles Bigham, Lord Harsey.

London, April 30.—The court of inquiry, which was selected by the house of commons to investigate the Titanic disaster, is headed by a man of singular ability, Sir John Charles Bigham, Lord Harsey. Lord Harsey was admitted to the bar in 1870, and gained an enviable reputation as a lawyer. He became president of the probate and admiralty division of the high court, which position he filled with honor. He is now retired.

Lord Harsey announced that the investigation will be thorough, and it is safe to say that any other sort of investigation would meet with popular disapproval. Feeling is at a high pitch. Sidney Buxton, president of the Board of Trade, is being severely criticized for permitting the antiquated board of trade regulations, making it possible for ocean liners to carry fewer lifeboats than are necessary for the

preservation of more than one-third of their passengers, to remain in force. The popular temper is reflected in the Daily Mail, which in condemning the inactivity of the Board of Trade, says: "The country has still to learn why it was that this department, charged with a duty so important and so grave neglected that duty and failed to remodel its regulations determining the provision of boats for passenger steamers, so as to keep pace with the rapid advance of these vessels in size. 'The want of boats was the cause of the fearful tragedy on the Titanic whereby 1,635 persons lost their lives, and the insufficiency of boats must be ascribed to the negligence of the Board of Trade.'"

"No excuse, no special pleading can get over this grim fact, yet even now, though many great shipping companies have taken action, the Board of Trade remains inert."

## AVIATOR SERIOUSLY ILL.

Paris, April 30.—Jules Vedrines, who yesterday was capsize while flying over St. Denis, a suburb of Paris, is still in a critical condition, but the surgeons in attendance think there is some hope of his recovery.

## EXAMINER APPOINTED.

Philadelphia, April 30.—Federal Judge Holland today appointed Edward Racker of Knoxville, Tenn., as examiner to take testimony in the government's dissolution suit against the Keystone Watch Case Company.
